Good Afternoon Mr. Ocnaschek,

My name is Pamela Houston and I am a Community Liaison for the U.S. Environmental Protection Agency. I am working on a team in the Port Arthur and Beaumont areas. Our team has been tasked with coordinating with city and county officials to provide information for them to share with local residents widely, as well as seek input of the needs of the communities we serve.

We were given your contact information from Sherry Ulmer, the Beaumont Public Health Director.

I left you a voicemail message and stopped by your office.

I am attaching a few of the fact sheets that have been approved by the U.S. EPA for wide distribution.

If you have any questions or need any additional information, feel free to contact me by email or at either of the phone numbers listed below.

Thank You

Pamela Houston
